House of Prayer *September ~ October 2019*

At the edge

*It's scary and breath-taking
Living at the edge of life
Just you, the edge and the vast unknown
Echoing down the valley of your heart
The constant call to trust.*

We pray with the Church and the World

SEPTEMBER

The Protection of the Oceans

That politicians, scientists and economists work together to protect the world's seas and oceans.

10th September—World Suicide Prevention Day

Let us pray that we take measures to save life and restore hope.

15th September—International Day of Democracy

“Democracy is showing greater strain than at any time in decades. That is why this International Day should make us look for ways to invigorate democracy and seek answers for the systemic challenges it faces.” (UN Secretary General, António Guterres)

21st September—International Day of Peace

“It is possible to achieve our goals but we need decisions, political will and transformational policies to allow us to still live in peace with our own climate.” (UN Secretary General, António Guterres)

26th September—Int'l Day for the Total Elimination of Nuclear Weapons

The only sure way to eliminate the threat posed by nuclear weapons is to eliminate the weapons themselves.

OCTOBER

A Missionary "Spring" in the Church

That the breath of the Holy Spirit engender a new missionary "spring" in the Church.

10th October—World Mental Health Day

This year, the theme is suicide prevention. Every year close to 800 000 people take their own life and there are many more people who attempt suicide. Every suicide is a tragedy that affects families, communities and entire countries and has long-lasting effects on the people left behind. Suicide occurs throughout the lifespan and is the second leading cause of death among 15-29 year-olds globally.

13th October—International Day for Disaster Reduction

“Reducing the economic losses from disasters has the power to transform lives and to contribute greatly to the eradication of poverty.” (UN Secretary General, António Guterres)

16th October—World Food day

As overweight and obesity rates soar worldwide, this year, World Food Day will call for action to make healthy and sustainable diets available and affordable to everyone.

24th October—United Nations Day

UN Day marks the anniversary of the entry into force in 1945 of the UN Charter. With the ratification of this founding document by the majority of its signatories, including the five permanent members of the Security Council, the United Nations officially came into being.

We remember Cecilia and Cynthia and the Advisory committee who keep us informed and connect us with the rest of the world to make a change.
