Consecrated life in a Digital

Word: World Communication

Day – 16th May 10:

Digital Communication is ushering in a New Era. In India there was

only one TV channel in 1981.

Today there are about 400 channels running 24 hours. Ten years ago the mobile phone reached our land. Today it is used by more than 500 million people, who cut across all sections of rich and poor, men and women and children. On the occasion of World Communication Day, Pope Benedict XVI has appealed to Christian leaders to get connected to this technology and open our minds and hearts to it. "Thanks to the new communications media, the Lord can walk the streets of our cities".

In practice, what can we do to catch up with the fast changing world?

- *Every community, including formation communities, could get connected with a broadband connection.*
- *Learn to use the huge resources available on the net including very rich and easily usable Catholic literature.*
- *Make a list of interesting and informative websites for members to access, e.g.*

www.loreto.in (Indian Province website!)

- Make sufficient computers available for members to access the net.

Apostolic Visitation in U.S.

Province: This has recently been completed in the IBVM, US Province. They not only “survived the process”, in the words of the US Provincial, Sr. Kay Foley, “but also thrived on it” However, what the two Visitors wrote in their 12-page report is unknown. They were not allowed to say anything they had learned. “However they left with a great respect for Mary Ward and admiration for our 400 year graced history. They were in awe at the wonders of being an international community and that everyone they met were joy filled, spirited and welcoming. At lunch on the day they were leaving, after all the thank you expressions were made, the IBVM Sisters began singing ‘Where Charity and Love Are’ in three part harmony as a closing to the Apostolic Visitation. It is a song that Sr. Maria Bierer taught us several years ago and that we all hold lovingly in our hearts. The look on the faces of the Visitors was something to see. They were awed that we could sing such a beautiful song so spontaneously. One actually had tears in her eyes. I think we touched their hearts!”

Sr. Kay Foley and the US Province are grateful for prayers and support of IBVM around the world, and of family, friends and religious.
